

CORNISH COAST,
THE GURNADE'S HEAD

"ROUGH SEAS, CORNISH COAST"

"OILETTE" Postcard 8552.
Raphael Tuck & Sons' ART PUBLISHERS TO THE R. MAJESTIES THE KING & QUEEN.

By Appointment.

The Gurnard's Head is a narrow promontory which projects in a northern direction from the north coast of Cornwall. Anciently known as Trereen Dinas, it contains several relics of antiquity in the form of the remains of a cliff castle (which must have been of considerable strength and importance) and a little ruined chapel with a granite altar-slab. The headland is of green-stone formation, and offers an interesting study to the geologist.

Printed in England.
